SHIVANK SHUKLA

Data Analyst | Business Intelligence | Market Research

+91-9013584218 | work.shuklashivank@gmail.com | linkedin.com/in/shivank-shukla09 | github.com/shukla009 | Delhi, India

PROFESSIONAL SUMMARY

Data Analyst with experience across **Market Research**, **Business Intelligence**, **Healthcare Analytics**, and **Predictive Analytics**. Currently enabling strategic decision-making at ProSca Business Solutions through market intelligence and business research. Skilled in **Python**, **SQL**, **Power BI**, **Tableau**, and **Machine Learning**, with a proven record of delivering measurable business insights and process improvements.

TECHNICAL SKILLS

- **Programming:** Python, SQL
- **Data Analytics:** Pandas, NumPy, Data Cleaning, ETL, Statistical Analysis, Data Wrangling, KPI Development
- **Business Intelligence:** Power BI, Tableau, Excel (Pivot Tables, XLOOKUP, VLOOKUP), DAX, Dashboard Development, Data Visualization
- **Machine Learning:** Scikit-learn, TensorFlow, Keras, LSTM, Regression, ARIMA, Prophet, Time Series Analysis, Forecasting
- **Research & Strategy:** Market Research, Competitive Analysis, Competitive Intelligence, Strategic Intelligence, Business Analysis
- **Tools:** Streamlit, Git, Jupyter Notebook, Google Sheets, MySQL, Oracle

PROFESSIONAL EXPERIENCE

Research and Strategy Associate (Promoted from Research & Insights Intern) **Jan 2026 – Present**
ProSca Business Solutions, Delhi, India

- Promoted from Research & Insights Intern to full-time Research and Strategy Associate based on performance; recognized as a **Founding Team Member**.
- Led end-to-end target market research for an export-focused product, identifying target markets, benchmarking competitors, and documenting export compliance requirements for founder and client presentations.
- Conducted structured market research across **5+ industry verticals** (medical devices, textiles, food), delivering **12+ strategic intelligence reports** that informed business prioritization and market-entry decisions.
- Streamlined research processes through AI-assisted workflows and standardized frameworks, reducing turnaround time by **20%**.

Data Analytics Intern **Jun 2025 – Sep 2025**
UptoSkills, Remote

- Developed an automated data collection workflow using AI-assisted tools for **1,000+ institutions**, improving acquisition efficiency by **40%**.
- Cleaned and standardized datasets across **15+ variables**, improving downstream analytics reliability by **30%**.
- Constructed Tableau dashboards visualizing institutional trends by **zone, region, and student strength**.

Data Analytics Intern **Jun 2024 – Aug 2024**
IBM, Remote

- Analyzed **10,000+ mental health records** across **30 Karnataka districts** using **Python** to identify prevalence patterns and treatment gaps for Common Mental Disorders.
- Developed interactive dashboards in **Python** and **Tableau** visualizing regional health outcomes, referral needs, and care access barriers.
- Delivered analytical insights supporting targeted public-health recommendations aligned with **UN SDG 3**.

Data Analytics & Power BI Intern **Jun 2024 – Jul 2024**
Vodafone Idea Foundation, Remote

- Analyzed Blinkit sales data using Excel, Power BI, and DAX, designing interactive KPI dashboards to monitor sales, inventory, and regional performance.
- Identified regional sales inefficiencies and stock imbalances; proposed data-driven recommendations for inventory optimization.

PROJECT

Stock Price Prediction using LSTM & Time Series Analysis *Python | TensorFlow | Keras | Prophet | Streamlit*

- Engineered an LSTM-based forecasting model achieving **1.9% MAPE** in predicting Microsoft stock prices, outperforming traditional forecasting approaches (ARIMA, SMA, EMA) in predictive accuracy.
- Evaluated **5 forecasting approaches** (LSTM, Prophet, ARIMA, SMA, EMA) using RMSE and MAPE metrics to validate model performance.
- Deployed an interactive Streamlit application enabling real-time stock prediction and model comparison.

EDUCATION

B.Sc. Data Analytics, Delhi Skill and Entrepreneurship University (DSEU) **Jul 2023 – Jun 2026**
BCA, Indira Gandhi National Open University (IGNOU) **Jul 2021 – Jul 2024**

CERTIFICATIONS

- Data Analytics Essentials – Cisco (2024)
- Power BI for Data Analysis – Vodafone Idea Foundation (2024)
- Project Management Fundamentals – IBM SkillsBuild (2024)
- Data Fundamentals – IBM SkillsBuild (2024)
- Communication Expert – Cambridge (2022)
